Publication of examinations in Printing annually

General and Revenue Secretariat | File No. P & O 101 of 1937. | [App. F. III–2

Serial No.	
1	From Supt Govt Printing P 3602 d 2.6.38 points out the desirability of holding the examinations annually instead of once in two years for giving opportunities to the Probationers and others to qualify themselves and suggests that certain examinations may be made compulsory in the technical branches of the Press and requests orders on the above proposals.
	Subd: The proposal to hold the Printing Examinations once in two years emanated from the D.P.I at the instance of the Board for Commercial Examinations on account of the small number of candidates and was sanctioned by Govt.
	2) The Supt proposes that the annual examinations be revived in order to provide chances to the two Press probationers and other Press employees in the technical branches to sit for the examinations. He suggests that the examinations may be made compulsory for the Roof, Composing Binding and Machine branches of the Govt Central Press and the Govt Branch Press, exempting those who have put in more than 20 years service or who are

TKG

(ontinued on the next sheet).

U.O.No. 13 of 10th September 1938 from the General Secretary to Government regarding the - holding of examinations in Printing, etc., annually.

U.O.No. 17 of 38-39 dated 27th September 1938.

Returned with compliments.

23) On the recommendation of the Inspector General of Education, the examinations in composing, printing, proof-reading and binding were instituted by Government in their order No.E.4610-12/Edn. 43-25-10 dated 24th February 1926 as a part of the Mysore Government Commercial Examinations. The Inspector General's recommendation was based on the resolution of the Board for Commercial Education and Examinations which had considered the question at the instance of the Superintendent, Government Printing Bangalore. Subsequently, at the instance again of the Superintendent, Government Printing, Bangalore, the Board for Commercial Examinations resolved in 1935 that Letter-Press Printing examinations be held once in two years commencing from the year 1936, since it was pointed out to the Board by the Superintendent, Government Printing, in his letter No.P.1304 dated 24th October 1935 that the number of candidates appearing for these examinations was very small and that there was considerable waste of money and effort in holding the examinations annuall This again the Government were pleased to sanction in their order No.E.2198-9/Edn.271-35-2 dated -

12th February 1936. The present Superintendent recommends the revival of the original practice of holding the examinations annually. Being an ex-officio member of the Board for Commercial Education and Examinations in Mysore, it seems to me, he would have done better if he had brought up this subject before the Board, as his predecessors had done in the past, and given the Board an opportunity of considering the question and expressing an opinion thereon. In the light of the Board's resolution, a recommendation would have been made by me to Government. Properly speaking, this is a matter for the consideration of that Board in the first instance; and I do not wish to anticipate the Board's decision, or commit it to my personal view. I would, therefore, propose that the Superintendents recommendation be kindly referred to me for being placed before the Board at its next meeting in November.

24) If, however, Government desire to have my own views in the matter, I should state that the Superintendent's recommendation is based entirely upon the number of candidates that he expects would take the examination in the next few years, in case it is held annually. This number again, though apparently somewhat large, depends upon the Government agreeing to the proposal of the Superintendent to make the passing of the technical examinations obligatory upon all officials of his Department and also upon the number of persons who would get exemption by reason of their long service or advanced age. The attached statement shows the

number of candidates that took the printing examinations from 1930-38, and unless the examination is made obligatory there is no ground for expecting any appreciable increase in the number of candidates.

25) If 50 candidates as estimated by the Superintendent would take the examinations, I would personally agree to the holding of the examination annually for two years as a temporary measure, so that those mentioned by the Superintendent might have two chances as early as possible to pass the examinations. The question of the further continuance of the examination annually could be considered after the expiry of that period and in the light of the number that might be then willing to take the examinations and be eligible for them.

Offg. Director.

26) The SH shows that the number of candidates under present conditions is very small and the expenditure much more than the receipts. The remarks in the last paragraph of the DOL's note above may be considered if there is any likelihood of the examination being made compulsory to these employees and the number of candidates increasing largely in consequence. Orders on this point may be passed in the Dev Secty and the matter then referred to the Edn Secty if an examination should be held in 1939.

P&S. 101-37

SIR,

With reference to Government order No.E.2198-9/Edn.27 [illegible], dated 12-2-38, ordering the holding of examinations in Letter-Press Printing once in two years instead of once every year, I have the honour to state that it appears desirable to revive the practice of holding the examinations in the above subjects as part of the examinations conducted by the Local Examinations Boards, Bangalore, every year. I have already reported in my letter No.R3242, dated 4-5-1938 that there are a number of unqualified candidates in the Government Press and with a view to remove this disability and give an inducement to officials aspiring for promotions, I have proposed in that letter that officials should qualify themselves by passing the Technical Examinations prescribed for the several appointments. To give them facilities to do so and also to have a suitably qualified staff in our Presses, it is quite necessary to hold the examinations every year. Two probationers have been recruited to the Government Press in December 1936 and January 1938 and they have also to pass all the examinations in Letter-Press Printing during the three years of probation prescribed for them. The first of these Probationers, Mr. K. Srivijayapaliah, has taken Composing and Proof-Reading at the examination held at the earliest opportunity in April 1938, as no examination was held in 1937. The period of his probation will expire in December 1939, but the next examination will not be held till 1940 and he has no chance to complete the examinations during the period of probation. The second Probationer, Mr. M.A. Sri Rama, is also under a like disability. He could not sit for the examinations in April 1938 as it was not even 3 months since he joined the

the Press and he was engaged in picking up the elementary principles of the art. His probation will expire in January 1941, but as the next examination comes off in April 1940, he will have only one chance of sitting for the examinations. The holding of an examination in 1939 so as to give both the Probationers an opportunity to pass the prescribed examinations is desirable and the holding of these examinations every year in future would give a chance to all the competent officials of the Press to qualify themselves.

In this connection, I beg to state that in the interests of work and efficiency in the Press, Proof-Reading, lower, may be made compulsory for all appointments in the Proof Branch on Rs.30/- and below and that for all appointments above Rs.30/- Proof-Reading, - higher, may be made compulsory. All Composing Foremen should be compelled to pass the Composing, higher examination, the Assistant Binder and Head Binder should pass the Binding, higher examination, and the Third and the Fourth Binders and the Warehouse Clerk, Binding, - lower examination. In the Machine Branch, both the Machine Foreman and the Assistant Machine Foreman should pass the Machine higher examination. These rules may be made to apply to both the Government Presses at Bangalore and Mysore. An exemption from passing these examinations might be granted only to officials who have put in more than 20 years of service, or who are more than 45 years of age and have been doing good work in the respective Branches. A list of such officials deserving an exemption in this behalf will be submitted to Government for orders.

3) I beg that the above proposals may receive the favourable consideration of Government and that early orders may be kindly passed in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

1/6/38

Ag. Superintendent,
Government Printing.

Bangalore.

Sir,

With reference to your letter No.P. 3602 dated 1/2nd June 1938 proposing for reasons stated that the system of annual examinations in Printing, etc., be revived and that certain examinations be made compulsory in the Proof Branch, Binding Branch and the machine Branch, etc., I am directed to request you to kindly furnish information (1) as to the number of candidates from the Printing School that appeared for the examinations during the past 3 years and (2) as to the number of candidates that may be expected to sit for these examinations in the next few years in case the examinations are held annually.

I have the honour to be,
Sir,
Your most obedient servant,

C. S. Srinivasa Char

for Secretary to Government,
Development Department.

GENL. & MIS. BRANCH.
19 JUL. 1938
363
GENL. & REV. SECTION

To

M. VENKATANARANAPPA, ESQ., B.A.,
Secretary to the Government of Mysore,
Development Department, BANGALORE.

SIR,

With reference to your letter No.G.112/P.&.S.101-37-2, dated the 5th July 1938, requesting to be furnished with certain information regarding the revival of the system of holding examinations in the subjects of Letter-Press Printing annually, I have the honour to state as follows:-

1. A list showing the number of candidates who appeared for the Examination in the subjects of Letter-Press Printing during the past three years is appended.

2. A list showing the number of Proof Examiners, Readers, Foremen of Composing, Printing, and Binding Branches in the two Government Presses is also submitted. It is very necessary that all the officials included in the list should pass the Technical Examinations relating to their branches and I have recommended in my letter No.P.3602, dated 2-6-38 that the examinations should be made compulsory for them. All the existing incumbents of these appointments will therefore have to sit for these examinations unless specially exempted. All new entrants to the Press in respect of these appointments will also have to appear and pass them.

In these circumstances the proposals submitted with my letter No.P.3602, dated 1/2nd June 1938, for holding the examinations every year may be kindly be sanctioned at a very early date.

I have the honour to be,
Sir,
Your most obedient servant,
B. Venkatasubba Rao
16/7/38
Ag. Superintendent.

FROM

B. VENKATASUBBA RAO, ESQ., B.A., LL.B.,
SUPERINTENDENT, GOVERNMENT PRINTING,
BANGALORE.

To

M. VENKATANARANAPPA, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

With reference to your letter No.G.11071/P.& S.101-37-6, dated 2nd May 1939, requesting to be informed of the number of candidates available for undergoing examinations in the several subjects, if they are made compulsory and also the number of officials that would be exempted from passing several examinations on account of service, etc., I have the honour to state as follows:-

There are eight appointments of Foremen in the Composing Sectio one in the Printing Section and one in the Binding Section, all of which carry good pay. For these appointments a pass in the Composin Printing and Binding Examinations, respectively, is necessary. As generally the seniormost men from the Working Branches are recruited to these vacancies, a pass in Composing, Printing and Binding, eith Senior or Junior Grade, according to the grade to which each candid is recruited, has to be made compulsory in view of ~~efficiency~~ efficier and good work. Of the present incumbents, who hold the appointm seven are either debarred by the age limit of 45 years or are one on th verge of superannuation and retirement from Service in a few years. seven persons will have therefore to be exempted from passing the tests. Since these appointments will have to be filled up by qu fied men, about fifteen to twenty candidates will be available fo undergoing these examinations including the Junior Probationers.

In the Proof Branch, where both Educational as well as Tec qualifications are necessary, a pass in Proof Reading, lower, i recommended to be made compulsory for all appointments carryin

pay of Rs.30/- and below. At present there are Twenty-one appoint ments coming under this class. Of the present incumbents, about four will have to be exempted from passing the tests on account of their age being about 45 years. The rest of them will have to qualify themselves by passing the prescribed examination. The other nine appointments in this section carry a pay of more than Rs.30/- and a pass in Proof Reading Higher has to be made compulsc for these appointments. Of the present incumbents who hold these appointments, eight may be exempted from passing the tests due to their long service and of having passed the age of 45 years. Thus it will be seen that in a few years to come both the lower and higher grades of appointments in this section will also have to be recruited from among the existing men or from men in other branches who pass the prescribed examinations. About 35 candidates will b available to undergo both the lower and higher examinations, including the men who are already holding these appointments.

As between the Proof Branch and Composing, Machine and Binding Branches, excluding the Office Branch, where Accounts, etc.. examinations apply, about 50 candidates will be available for undergoing the Technical Examinations, if they are made compulsory.

I have the honour to be,

S i r,

Your most obedient servant,

Superintendent.
